

\$50 Million Program Launch for Commercial Energy/Environmental Efficiency Loans

Dear Stakeholders,

The California Pollution Control Financing Authority (CPCFA) is ready to commit up to **\$10 million** of U.S. Treasury State Small Business Credit Initiative funds to a loan pool of at least \$50 million for energy and environmental efficiency loans.

CPCFA will issue a request for proposals (RFP) to solicit lenders with private sources of capital in providing **at least \$40 million** to the pool as a capital bridge to businesses. We would like to update stakeholders regarding the development of this RFP.

During our discussion we will:

- Review our current program design.
- Provide updates on requirements set forth by the U.S. Treasury.
- Present our anticipated timeline.
- Welcome stakeholder feedback and suggestions.

You are encouraged to participate in person or via conference call on **February 5, 2013, from 2:00pm-3:30pm.**

In person location: State Treasurer's Office, 915 Capitol Mall, Sacramento, CA 95814, Room 587

Teleconference #: (800) 762-7308, "Loan Participation Program Workshop"

Email R.S.V.P. to Mario Wong at Mario.Wong@treasurer.ca.gov to receive presentation materials in advance.
